Exposure to science and engineering careers at the elementary level inspires and engages students—a great indicator of success at later stages of school, college, and career. How about designing the Ultimate Playground through learning about pushes, pulls, and playground forces? It’s so exciting when teachers like Kati tell us the difference Twig Science Next Gen makes in their classrooms. Twig Science Next Gen gives teachers a flexible way of delivering comprehensive, standards-based instruction, both in the classroom and in a hybrid teaching model. They develop problem-solving and critical thinking skills through a range of investigation types, from hands-on activities and digital interactives to on-demand Video Labs. We hear this a lot, but it never gets old! Benicia, a Grade 5 teacher, loves that everything she needs to teach science is “all right there!” Share the unique issues in your classrooms and we’ll show you how we can help. We are taking the next step on our journey to empower more educators, engage more students, and connect more families to learning, by bringing together our products under one brand, united by a shared mission. NGSS instructional shifts require a new system of three-dimensional performance assessment, emulating the real-world experiences of scientists and engineers. Find the best resources for learning at home. Kids love answering that question, and with this animal research graphic organizer, they can write all about it. Twig Science Next Gen transforms 3-D standards into dynamic visual, digital, and hands-on learning that students will remember forever. Hands-on, digital, and video investigations provide captivating real- world experiences in dozens of STEM roles—from park rangers and earthquake engineers to deep-space explorers and time-traveling tour guides. The Twig Science Next Gen digital platform can be used as a stand-alone environment or with print Including presenter tools, automatic rostering and single sign-on Including point-of-use scaffolds and accessibility options Driving student engagement and universal access to phenomena Clean, Modern, Tile-Based Design keyboard_arrow_down • Use as-is or share content to Google Classroom or your LMS • Toggle between teacher and student views • Pin lessons to your dashboard for quick access during your teaching sessions • Teacher Background Knowledge articles provided to support all modules Secure and Safe Learning Environment keyboard_arrow_down • Device-agnostic platform • Built using modern technologies and fully HTML5 compliant • Automated rostering and single sign-on integrations available (Clever, Classlink) for seamless user provisioning and access • Supports rostering via CSV, with configurable password policy options • Meets latest security and accessibility requirements • Prompt product and technical support Assignable Lessons keyboard_arrow_down • Assign lessons to students using the digital version of the Twig Book • Interactivity includes read, highlight, investigate, annotate, model, draw/design, explain, and reflect functions • Students can upload pictures, drawings, visual observations, and snapshots to build up a digital portfolio • Teachers provide feedback directly in each student’s digital Twig Book Equitable Access to Phenomena keyboard_arrow_down • Point-of-use scaffolds with cultural connections and differentiation for special education students • English Learner differentiation for Emerging, Bridging, and Expanding levels of language acquisition • Text-to-speech functionality • Accessibility options include full customization of the display, with built-in epilepsy-safe, visually impaired, cognitive disability, and ADHD-friendly profiles Beyond the STEM roles students take on during the immersive storylines in Twig Science Next Gen, students encounter hundreds more STEM careers in film and text. Learn about mammals, reptiles, birds, fish, and amphibians.Animal ArticlesRead about your all of your favorite animal species.CellsLearn about plant and animal cells with these diagrams, worksheets, and activities.DinosaursPrint dinosaur reading comprehension articles, dinosaur puzzles, dino math pages, and more.ElectricityExplore current electricity and circuits with these worksheets and activities.Five SensesLearn about the senses of sight, touch, hearing, smell, and taste with these printables.Food Chain & EcosystemsExplore food chains and ecosystems with these printables.Graduated Cylinders - VolumeMeasure the volume of liquids in the graduated cylinders.Human BodyDiscover the workings of the human body with these articles and worksheets.InsectsLearn about the anatomy and life cycle of insects.InvertebratesOur invertebrates page has a classroom scavenger hunt, word maze puzzles, reading comprehension passages, a cut-and-sort activity, and a classroom scavenger hunt.LandformsLearn landform vocabulary words, such as plain, plateau, mesa, volcano, cliff, isthmus, mountain, and hill.Life Cycle: ButterfliesLife cycle wheel, scavenger hunt, worksheets, and a mini-book about butterfliesLife Cycle: FrogsScavenger hunt, worksheets, life cycle wheel, and a mini-book about frogsLife Cycle: MealwormsFind out how a mealworm changes into an adult darkling beetle.Light EnergyFind out how light energy works. We aim to not only inspire you, but also to keep you informed on new products and tools that will prove useful in your classroom and beyond. iLitELL accelerates English language development for students in Grades 6 and up. Are you ready to celebrate plant shapes by curating your own Museum of Leafology? PEs are described in student-friendly language. Designed to make delivering the NGSS straightforward even for nonspecialist science teachers, Twig Science Next Gen includes comprehensive Teacher Editions in print and digital for flexible lesson planning, a state-of-the-art 3-D Performance Assessment suite, and an innovative, easy-to-use digital platform. This page has a reading comprehension passage and a classroom scavenger hunt.MagnetismLearn about magnetism with these experiments and worksheets.MatterLearn the different between the three states of matter: solids, liquids, and gases.NutritionThis page has worksheets, learning centers, and activities to help students learn about healthy and unhealthy food choices.Owl and Owl PelletsThis page has everything you need for a unit on owls and for an owl pellet dissection project.PlantsLearn all about plant life with these printables.Simple MachinesDiscover the workings of the six basic simple machines.Solar System and PlanetsExplore outer space with this collection of worksheets and games.Volcanoes, Rocks, and Layers of the EarthLearn all about our planet with these worksheets of layers of the Earth, rocks, and volcanoes.WeatherUse these worksheets and activities to teach students about weather.Full Website IndexA full index of all Math, ELA, Spelling, Phonics, Grammar, Science, and Social Studies worksheets found on this website. Fresh Ideas for Teaching offers helpful tips, lesson freebies, and more from teachers, authors, and other educators just like you. After teaching for 27 years, Twig Science Next Gen has brought the spark back into teaching for me… How lucky I am to be part of this incredible program. The program is designed to be inclusive of all students, regardless of race, gender, (dis)ability, language ability, socioeconomic background, or national origin. Our unique instructional design challenges students to experience dozens of different STEM roles as they become creative problem solvers, making sense of engaging, real-world phenomena. Whether in print, digital, or hands-on, Twig Science Next Gen is flexible and fun, providing teachers with a system of support to bring the wonders of science and the motivation to learn to every student. Animal Research Graphic OrganizerAnimal Research Graphic OrganizerWhat's your favorite animal? All students regardless of socioeconomic background are transported to gather evidence of both local and global phenomena, experiencing science and engineering careers directly through thousands of high-quality videos and interactives. It brings real-world phenomena into students’ lives through interactive Twig Books, theater-quality video, and engaging multimedia. Students experience science and engineering firsthand as a dynamic, creative, and collaborative process—just like real working scientists and engineers in the 21st century. Skip Links Explore our top trending programs enVision Mathematics improves student performance with visual models, 3-act tasks, and personalized learning. Student-friendly text features highlight instructional shifts and act as meta-cognitive cues. Experience Chemistry uses real-world phenomena to engage high school students in science ideas. Promote critical thinking through inquiry-based learning with US History Interactive. Purchase resources your school has selected. Animal GroupsLearn to classify animal (vertebrate) groups with these printable animal worksheets. Egg car crashes, anyone? Savvas Fresh Ideas for Teaching PreK-12 Blog Twig Science Next Gen is a complete Pre-K–8 program built for the NGSS. Experience the phenomena-based science program for Grades Pre-K–8 created specifically for the NGSS—ensuring all students have an interwoven understanding of Science and Engineering Practices (SEPs), Disciplinary Core Ideas (DCIs), and Crosscutting Concepts (CCCs). Twig Science Next Gen partnered with Stanford’s SCALE team to develop engaging and reliable assessment in which students demonstrate thinking, knowledge, and practices to unpack phenomena and solve design challenges. Driving Questions challenge students to solve phenomena and design problems. • 3,000+ video lessons and video labs • Flexible delivery: in-person, hybrid and/or remote • Device agnostic: use with any digital device • Adapts to instructional and/or review time • Built-in teacher-student feedback • Video Labs support teaching hands-on science experiments as students take part at home • Performance Expectations covered through entertaining and involving activities • Labs prepare students for success in Benchmark Assessments • On-demand, bite-sized, studio-quality lesson videos presented by experienced teachers to encourage participation and engagement • Self-guided or assigned pace • Students interact with lessons through high-quality rich media and text Twig Science Next Gen promotes equitable, inclusive, and accessible learning environments for 21st century students. Imagine with us at imaginethefutureoflearning.com

Treasure trove of Worksheets, only at eTutorWorld. These 10th grade worksheets for Algebra, Geometry, Calculus, Physics, Chemistry, Biology and English are in easy to download.pdf format. Answer Keys at the end of each worksheet allows for a self-evaluation. These worksheets can be solved for strengthen concepts, to get ahead or to even catch up. SEE ALL SCIENCE.
